I'm trying to help out a friend to get his Onan 6.5kW MDKD generator working. The model number is 6.5MDKDP29239C, serial number F890250442. The engine is running but there is not output power from the generator, the engine controls are not working either (ie the RPM control etc is out of order). I could really use some wiring diagrams to get ...
