Additional Opportunities and Expectations ACS Certification. Since the 1920s, the Juniata chemistry department has been authorized to certify that specific students have completed an undergraduate program that meets the professional standards established by the American Chemical Society (ACS).

Juniata College

A lithium (Li) metal anode is required to achieve a high-energy-density battery, but because of an undesirable growth of Li dendrites, it still has safety and cyclability issues. In this study, we have developed a microsphere-protected (MSP) Li metal anode to suppress the growth of Li dendrites. Microspheres could guide Li ions to selective areas and pressurize dendrites during their growth ...
