### Estates in Land and Future Interests: Problems and Answers ...

The duration of a person's ownership is called an estate. In other words, an estate is ownership of property for a period of time. A present estate is an estate that entitles the owner to possession in the present. A future estate, on the other hand, is an estate that entitles the owner to take possession sometime in the future.

### Property Ownership: Present and Future Estates - dummies

Remainder = future interested created when a grantor conveys an inherently limited possessory estate and, in the same conveyance, conveys the future interest to a second GRANTEE. Reversion = future interest created when a grantor conveys an inherently limited possessory estate and RETAINS the future interest.

### Estates in Land and Future Interests - Study Questions ...

An estate whose natural length may be cut short by the happening of a particular event or condition allowing the grantor to retake the property. The event is described as part of another party's future interest rather than as part of the estate it may cut short. O to A and her heirs, (think line here) but if B reaches 30, then to O.
