The data are found inside HTML documents, so you may wish to click on File & Save as with your browser to save the data into a plain text file. Once inside an editor, click on the data documentation and copy it to another file. Edit the resulting .txt file to leave only the data. Many of the datasets delimit the columns of data using tabs.

### DataSets < Main < Vanderbilt Biostatistics Wiki

Since there are 25 (odd) observations, the median is the middle observation in the sorted data. Here, the 13 th observation (middle observation in the data set with 25 observations) is 8. Hence, the median of the data is 8 days. In other words, 50% of patients stay less than 8 days in hospital and 50% of patients stay more than 8 days in hospital.
