Genesis In Space And Time

Genesis in Space in Time is one of the more acceptable books of Schaeffer. Here he discusses the various ways in which the fall has impacted humanity. His articulation of these different levels (i.e. God / humanity, humanity / other humans, humans / creation, etc.) really does provide a more holistic understanding of theological issues in salvation and ethics.

Genesis in Space and Time: The Flow of Biblical History ...

Genesis is a book of origins--the origin of the universe, the origin of life and the origin of man. It places man in his cosmic setting, shows his particular uniqueness, explains his wonder and his flaw, and begins to trace the flow of human history through space and time. Many today, however, view this book as a collection of myths, useful for understanding the Hebrew mind, perhaps, but certainly not a record of what really happened.

Genesis in Space and Time - InterVarsity Press

Genesis is a book of origins--the origin of the universe, the origin of life and the origin of man. It places man in his cosmic setting, shows his particular uniqueness, explains his wonder and his flaw, and begins to trace the flow of human history through space and time. Many today, however, view this book as a collection of myths, useful for understanding the Hebrew mind, perhaps, but certainly not a record of what really happened.

Read Genesis in Space and Time Online by Francis A ...

Similarly, space is three (in dimensions) and one (in nature). God created time, too. Time had a beginning (Genesis 1:1), and therefore requires a Creator. Time has only one dimension, yet we perceive time in three divisions: past, present, and future. So time, like space, is a sort of three-in-one, and reminds us of God's triune nature.

Spacetime | Answers in Genesis

Genesis In Space and Time: The Flow of Biblical History. (1972) Summary. The historicity of the Bible was always a central tenet of Schaeffer's thinking. If God did not create the world and man in real space-time as described in Genesis, then Christianity is no different than any other cultural myth or existential leap.

The Shelter - A Francis A. Schaeffer Site

Genesis in Space and Time is an excellent book, both for its content and its style. It is very easy to read, yet conveys profound truths in its 163 pages. Whether one is a layman or scholar, Schaeffer's presentation of the origins of the universe, of man, and of man's great dilemma of separation is clear and concise and, often, profound.

Genesis in Space and Time, by Francis Schaeffer - Beyond ...

In "Genesis in Space and Time" Schaeffer focuses on the first eleven chapters of Genesis and in step with its title, he argues for the monumental events as actual historic happenings that make sense of life and man's past as we know it today, unlike any other account of origins we possess.

Genesis in Space and Time - Francis A. Schaeffer - Google ...

The opening verse of Genesis, "In the beginning God created the heavens and the earth," and the remainder of chapter 1 brings us immediately into a world of space and time. Space and time are like warp and woof. Their interwoven relationship is history.

preface - The PostBarthian

"Genesis in Space and Time" is the fifth book of Schaeffer's that I have read. What impacted me the most was, in perfect Francis Schaeffer style, an uncovering of the big-picture, overall themes and structure of Genesis with an emphasis on the unity that consistently is woven throughout.
