Human Evolution and Christian Ethics : Stephen J. Pope ...

Can the origins of morality be explained entirely in evolutionary terms? If so, what are the implications for Christian moral theology and ethics? Is the latter redundant, as socio-biologists often assert? Stephen Pope argues that theologians need to engage with evolutionary theory rather than ignoring it. He shows that our growing knowledge of human evolution [...]

Human Evolution and Christian Ethics - Christian Book Store

not a scientist, so everything I say about human evolution comes from my attempt to make sense out of literature that is often complicated, contested, and, to me, bewildering. Christian ethics is based on a theological anthropology that affirms the goodness of the creation and of the human person as made in the image of God, the persistence of

Human Evolution and Christian Ethics: A Critical Appropriation

knowledge of human evolution is compatible with Christian faith and morality, provided that the former is not interpreted reduction-istically and the latter is not understood in fundamentalist ways. Christian ethics ought to incorporate evolutionary approaches to human nature to the extent that they provide helpful knowledge of
