Consciousness, at its simplest, is sentience or awareness of internal and external existence. Despite millennia of analyses, definitions, explanations and debates by philosophers and scientists, consciousness remains puzzling and controversial, being "at once the most familiar and [also the] most mysterious aspect of our lives". Perhaps the only widely agreed notion about the topic is the ...

Consciousness - Wikipedia

Questions about animal consciousness — in particular, which animals have consciousness and what (if anything) that consciousness might be like — are both scientific and philosophical. They are scientific because answering them will require gathering information using scientific techniques — no amount of arm-chair pondering, conceptual analysis, logic, a priori theory-building ...

Animal Consciousness (Stanford Encyclopedia of Philosophy)

Play Summary Blanche DuBois arrives to visit her sister, Mrs. Stella Kowalski, who lives in the French Quarter of New Orleans. She is shocked by the disreputable looks of the place. While a neighbor goes to find Stella, Blanche looks around the apartment for a drink. When her sister comes, Blanche quite frankly criticizes the place.

Play Summary - CliffsNotes

Double-consciousness is a concept in social philosophy referring, originally, to a source of inward “twoness” putatively experienced by African-Americans because of their racialized oppression and disvaluation in a white-dominated society. The concept is often associated with William Edward Burghardt Du Bois, who introduced the term into social and political thought, famously, in his ...

Double Consciousness (Stanford Encyclopedia of Philosophy)

Our consciousness is a fundamental aspect of our existence, says philosopher David Chalmers: “There’s nothing we know about more directly.... but at the same time it’s the most mysterious phenomenon in the universe.” He shares some ways to think about the movie playing in our heads.
